DIRECTIONS FOR USE

INTRODUCTION: ZOECON® PRECOR® IGR CONCENTRATE (Precor®) acts on the immature life stages of the flea, preventing them from reaching the adult stage. It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Method and Rate of Application: Prepare a dilute spray solution with a least 0.05% (S)-Methoprene concentration and add 1 oz of Precor® to 1 gallon of water. Partially fill the mixing container with 1/2 gallon of water, add Precor®, agitate and complete filling of spray tank, and agitate once again. When tank-mixing, follow the directions above except add the product to tank-mix first, agitate, and then add the remaining 1/2 gallon of water. Shake well before each use.

When applying to upholstery where staining could be a concern, apply dilute to a small inconspicuous location to determine if possible staining could occur. Precor® will not stain areas that would not be stained by water alone.

STORAGE and DISPOSAL: Do not contaminate water, food, or feed by storage and disposal. Storage: Store in a cool place away from heat or open flame. Pesticides: Wash all equipment and material used in connection with this product with plenty of water for 15-20 minutes. If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes.

FIRST AID

If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.

If on skin: Wash thoroughly with soap and water after handling.野生动物 - CAUTION:

PROTECTIVE STATEMENTS – HAZARDS TO HUMANS AND DOMESTIC ANIMALS - CAUTION:

Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, mouth, or clothing. Wash thoroughly with soap and water after handling.

If on clothing: Wash before wearing again.

If swallowed: Call poison control center or doctor immediately for emergency medical treatment information. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.

Note to physician: have the product container or label with you when calling a poison control center or going for treatment. You may also contact 1-800-248-7763 or visit our web site: www.zoecon.com.
**DIRECTIONS FOR USE**

**Method and Rate of Application:** Prepare a diluted spray solution with a final (S)-Methoprene concentration of approximately 0.007%, by adding 1 oz of Precor® to 1 gallon of water. Partially fill the mixing container with 1/2 gallon of water, add Precor®, shake well, and then add the remaining 1/2 gallon of water. Shake well before each use.

When tank-mixing, follow the directions above except add the product to tank-mix first, shake well, and then add the remaining 1/2 gallon of water. Shake well before each use.

**Application Equipment:** Use a driftless atomizer, a fine mist sprayer, or a standard or low pressure sprayer with a fan tip that is typically used for indoor applications. Treat all areas harboring fleas, including carpets, furnishing, pet sleeping and bedding areas, and these rooms. Treat water containers of all household pets.

Apply the diluted spray solution on the surface of all areas where fleas are a problem on pets, treat the pets with an effective EPA registered flea control product. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

**Physical or Chemical Hazards:** Combustible. Do not use or store near heat or open flame.

**Harmful if swallowed:** Do not contaminate water, food, or feed by storage and application.

**Waste resulting from the use of this product may be disposed of on site or at an approved disposal facility. Container Handling: Nonrefillable, Non-Pesticide. Do not reuse or refill this container. Clean container promptly after application equipment or a mix tank or store rinsate for later use or disposal. Drain container 1/4 full with water and recap. Shake for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

**Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved disposal facility. Container Handling: Nonrefillable, Non-Pesticide. Do not reuse or refill this container. Clean container promptly after application equipment or a mix tank or store rinsate for later use or disposal. Drain container 1/4 full with water and recap. Shake for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available or puncture and dispose of in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. If burned, smoke out of smoke.

**PRECAUTIONARY STATEMENTS – HAZARDS TO HUMANS AND DOMESTIC ANIMALS:** CAUTION: Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

**REACH OF CHILDREN**

KEEP OUT OF REACH OF CHILDREN.
